***INTERACTION***

This is the time of year the schools, colleges, professional sport teams, companies, corporations, associations and families set priorities and/or goals to achieve short and long range accomplishments. This includes personal participation and *interaction* in planning on several fronts, home, work and if we belong to a professional or social association.

We have access to collected data from past experiences to structure a plan that will achieve specific points of accomplishment that are influenced by the life style and the economics of today. Naturally, the greatest assets in any plan are the *interactions* of the participants and their ability and desire to provide the ultimate delivery of the planning.

Think about the background, diversity of the life style and life experiences of our Sir Knights. Our personal *interaction* with our Catholic Faith, early family life, education, present family life, work, economic position, friends, business associates and any social association brings a rich contribution to the Assembly. Thru all this individuality there is a strong *interaction* of Holy Cross Assembly Sir Knight's desire to plan, to serve, work together, trust, respect and loyalty to our Pledge of Patriotism and to each other that strengthens our Assembly. It is very visible among our members and is reflected in our activities and programs.

Some of our activities are set with regulations and standards by authority such as the Color Corps requirements and duties. All our other programs and activities are presented with a goal or objective supporting Our Pledge of Patriotism. It is pretty easy to set the goal or objective for a program or activity however the aligning of specifics and details and producing excitement, interest, or enthusiasm for the recipients and gratification for the Sir Knights takes *interaction* with total team effort.

When the recipients evaluate our programs and activities they are overwhelmingly evaluating the visible Sir Knights before they turn attention to evaluating the program or activity. Our visibility with the recipients is as important as the material in the program or activity. It creates the instant *interaction* of gratification for the Sir Knights as well as the recipients. How many times have you received compliments of appreciation as an Honor Guard at wakes, funerals, Mass and dinners? How many times has someone said "We appreciate the Knights and their programs"?

The continuing success of Holy Cross Assembly and our Pledge to Patriotism is totally dependent upon the *interaction* of every individual Sir Knight's thought, idea, expression and desire to participate. Help the Assembly to improve and expand our present programs and activities by participating in the requests for our present services to church, schools and assisted living facilities.

**Knights of Columbus family week is August 6<sup>th</sup> to 14<sup>th</sup> – looking for a family activity?**
